LEARNING MODULE / TRAINING IN ADVOCACY

10-11 May 2016, Location: Timis County Youth Foundation, Timisoara

Approximately 40 participants learned about Advocacy, as a general principle that governs democracy, but also about the specific expressions of advocacy in youth work and the non-profit sector.

The objective of the training was to ensure the mission's transparency and performance of higher education institutions, quality growth, governance improvement and diversification of funding sources and human rights. It also aimed to fight against school segregation, discrimination and other potential social risks.

INTERNATIONAL CONFERENCE / EVENT FOR YOUTH „BE AN ACTIVE CITIZEN”

12 May 2016, Location: Faculty of Economics and Business Administration,
West University of Timisoara

This event focused on making available information related to volunteering as professional experience based on EU legislation, national legislation and also the immediate needs of young people in the field of volunteering. Sections within the conference were aimed at explaining the social relations that can be established in the context of everyday life and encourage young people to engage in debates and in consultative processes regarding the development and the future of youth at national and even the European Union level, by raising awareness of European citizens on their role in the society.

Undergraduate students, master students, PhD students and youth had the possibility to share their ideas, creativity and innovation for significant contribution to maintenance and development of civic spirit

JOINT SUMMER SCHOOL IN PUBLIC SECTOR GOVERNANCE

22-26 May 2016, Location: University of Iceland, Reykjavik

The event offers a stimulating learning environment where participants have the opportunities to develop practical and research skills, increase their knowledge base regarding public sector, collaborate with others in their own and complementary research or professional areas, engage in debating and have access to experts in the field.

Participants have the opportunity to:

- ✓ examine the underlying assumptions behind the ethical responsibilities of public officials and governments in democratic societies;
- ✓ critically evaluate the broader governance environment within which the public sector operates;
- ✓ understand the way in which institutional arrangements and reforms promote or inhibit public policies and anticorruption strategies.

- ✓ assess norms and values related to the public service, developing effective policy processes;
- ✓ locate and use information concerning governance gathered through different informational channels: library, international databases, practitioners.
